

## Database of NHS Estates and Facilities Management

The NHS has a huge property portfolio, making estates and facilities management key in the running of the NHS.

Our Database of NHS Estates & Facilities Management comprises key decision makers who have budgetary control and influence in the procurement of a vast range of estates and facilities products and services.

All information within the database is regularly verified and updated by our specialist team of product researchers; giving you the quality, targeted data you need and the reassurance that you will be GDPR compliant.

### Organisation Types:

- Care Provider
- GP Practice
- Health Board Scotland
- Independent Hospice
- Independent Sector Treatment Centre
- Local Health Board
- Local Medical Committee
- Ministry of Defence
- Prison
- Private Consultant
- Private Hospital
- Private Practice
- ROI GP
- ROI Health Centre
- ROI Hospital

For the most up-to-date counts or to speak to us about our Campaign Packages, please contact your account manager direct or use the contact us form on this site.

**Please note:** It is common for a healthcare professional to have more than one responsibility. Therefore, there may be fewer named individuals on the database than there are areas of responsibility indicated above. Counts provided will be deduped to provide 'unique' contacts. Number of contacts may vary during our research cycle due to the fast-paced rate of change of organisations changes within UK healthcare. Counts correct at time of publishing **September 2024**.
